Clear the Way for Compliance.

A UNIQUE INNOVATION IN COMFORT, STABILITY, AND MOBILITY.

INTRODUCING THE

TAP[®] PAP Nasal Pillow Mask

The TAP PAP Nasal Pillow Mask encourages patient compliance by solving the problems commonly associated with traditional CPAP masks — from awkward straps to disruptive air leaks. The unique and innovative design of the Airway Management TAP PAP Nasal Pillow Mask delivers unparalleled performance and is backed by the Airway Management **Compliance Guarantee Program**.

EXCEPTIONAL STABILITY

With our form-fitting ThermAcryl™ mouthpiece¹

NO AIR LEAKS

When fitted as recommended

REDUCED WORK OF BREATHING

Lowest pressure drop among nasal pillow masks²

QUIET OPERATION

Among the quietest masks on the market.³

HEADGEAR IS OPTIONAL

Stays securely in place without straps

ADVANCED TITRATION TOOL

No unnecessary room visits to adjust headgear for leaks
